

Introduction Of: Mark Cochrane

Inspector

“My name is Mark Cochrane and I have recently joined the Nigg Local Policing Team as their Inspector. I am delighted to return to this area, where I worked as a constable and as a Sergeant and think myself fortunate to have inherited a team of officers who are dedicated, motivated and aware of the benefits of working with partner agencies to improve the quality of life for all those who live, work and visit the Cove area.

I have 25 years Police Service but come to this role from a Specialist background where over the last 6 – 7 years as an Inspector I have been involved in operational, administrative and policy roles within Roads Policing, NESAMP (The North East Safety Camera Partnership) and most recently, 4 years as the Specialist Support Inspector with responsibility for Firearms Training, Public Order Unit, Search Unit, Dog Section and Underwater Search.

I firmly believe a vital component when working with each other is `effective` communication, accordingly I encourage the Cove Community to report and discuss with your local officers: any matters of concern or ideas you may have which we can help you with. Your views will help your Local Policing Team to ensure we are working with you and our partners to deal with the local issues that matter to all of us.

Over the coming weeks and months I look forward to meeting with various members of the Cove Community”
