

COVE AND DISTRICT GARDENING CLUB

1st March 2010
Altens Community Centre
7pm-9pm

About the Club

The Club is open to anyone in Cove and District, first time and experienced gardeners equally welcome. The Club is all about swapping ideas and experiences and helping each other with any gardening related subjects.

Theme of the first Meeting

- What fruit, vegetables and flowers can be grown in our area?
- What has been successful and what hasn't?
- What are the soils like in the area?
- What are the benefits and limitations due to the local climate?

We hope to have a round the room discussion where you can either hear of other's successes and failures or relate your own experiences. Hopefully this will allow you to pick up some good ideas, hints and tips in readiness for this coming season..

There will also be the opportunity for you to bring along a sample of your soil to be tested.

Tea and coffee will be available at the end of the Meeting.

Future Meetings

Subjects for our Club's future meetings will be up to you, the members. If there is something you are interested in or something you have experience of or something you would like to learn more about then we will do our best to accommodate you.

Membership

Open to anyone (all ages) resident in Cove and District.
