

# Chairman's Notes

*The Cove Chronicle is a Newsletter produced and published by the Community Council every two months and delivered through your door by volunteers.*

## Bikes and Dark Nights

There are young people on bikes enjoying the freedom that our neighbourhood affords. Parents, please see that they are seen both by supplying lights for their bikes and clothing that makes them more visible in the dark. Keep them safe!

## Planning Matters

1 Spark Terrace, Old Cove Conservation Area: 1.5 storey extension approved by Planning.

Kincardine Offshore windfarm electricity substation compound and enclosures beside Hydrogen Refueling Station off Langdykes Road approved. Due to hardness of granite, cabling to a Peterseat site abandoned and a softer route being considered coming under one of the railway underpasses and up through Altens recreational area and Altens Hotel grounds. 75 Charleston Road North: Application for change of use to 2 residential units.

## Lochside Academy

A school badge design has been chosen. We are advised that there are no planned Public Consultations regarding Safe Routes to School.

## Cove in Bloom

Well done all the Team for bringing back a Silver Gilt Award from the Beautiful Scotland Awards ceremony. A lot of hard work has gone into brightening our community. The sculpture celebrating Cove's fishing heritage has moved from

the harbour to the green on Stoneyhill Terrace and is almost in its final resting place.

## Pathways

At time of writing, although promised, there has been no work done to finish Farmer Allan's Track onto Langdykes Road. The Community Council has secured a grant from the Health Improvement Fund towards resurfacing and upgrading the well trodden path through Altens tree belt. With input from the City Council, work is due to start at the beginning of December. Provision of a made path leading from the closed end of Whitehills Close onto Wellington Road beside the bus stop is on the cards.

## Farm Information Cairns

Following our appeal, we are delighted that a resident has come forward to help us deliver the cairns.

*The Community Council is in urgent need of a Minute taker for our monthly meetings. If you are a student looking for experience or someone with a couple of hours free, please get in touch. Training can be given.*

## Prospective Community Councillors

Please come to one of our meetings or contact the Chairperson to find out more.

## Dates for your Diary:

Next Community Council meetings 30th October and 27th November in Loirston School, 7pm. Thereafter in recess until 15th January 2018.
